GENERAL STATEMENT

FOUNDATION AND PURPOSE

Emmanuel College, under the direction of the Sisters of Notre Dame of Namur, is an institution for the higher education of young women. It was opened in September, 1919, in response to an urgent demand in Boston for a Catholic institution devoted to the needs of young women who, having completed their high school course, desire to pursue courses of advanced study in a Catholic college in the vicinity of their homes.

LOCATION

Close to the heart of a great metropolis, yet situated in one of the most picturesque parts of the Fenway, Emmanuel College has an environment particularly suited to collegiate ideals. The college buildings contain a spacious chapel, a library, an extensive art museum, assembly and social halls, science and lecture rooms, offices, parlors, classrooms, dining hall, and gymnasium.

COMMUNICATION WITH THE COLLEGE

Emmanuel College is situated in the Back Bay District of Boston, Massachusetts, fronts on the Fenway, and extends from Avenue Louis Pasteur to Brookline Avenue. It is easily accessible from Boston railroad stations by subway cars from Park Street to Kenmore Station, and by the Chestnut Hill bus from Kenmore Station to Pilgrim Road.

The college telephone is Aspinwall 8773. The students' telephones are Longwood 9441 and Longwood 9587.

All mail should be addressed to Emmanuel College, 400 The Fenway, Boston, Massachusetts.

THE COLLEGE ART MUSEUM

Art museums have always been a most important factor in education, and their influence has so rapidly extended in America that they have become a valuable guide and stimulus, not only to art pupils, but to college and university students, who find in them inexhaustible sources of inspiration and enjoyment.

Through the munificence of a friend, Emmanuel College has come into possession of a valuable and extensive art collection which affords exceptional opportunities for the study of art.

In it the various historic schools of painting are illustrated by world-renowned masterpieces in oil, water-color, and engraving; and the periods of sculpture are represented by famous statues in terra-cotta, marble, and bronze. Exquisite specimens of pottery, porcelain, enamels, gems, and ivories, with antiques of all kinds, demonstrate the various elements and qualities which enter into all real works of art, and prove that not merely from relief, "but from glowing, sanctified inspiration of devout affection, holy desire, and adoring faith, have sprung in every age those conceptions of heavenly things that appeal to the sympathies of modern as well as of ancient Christendom."

EXTRINSIC ADVANTAGES

Boston affords excellent educational advantages to the students of Emmanuel. Within easy reach are institutions rich in facilities for research work in Science, in Literature, and in Art. The suburbs abound in places of historic interest.

ENTRANCE REQUIREMENTS

GENERAL REGULATIONS

Emmanuel College is for Day Students only. Application for membership in the classes should be made as early in the year as possible, in order to insure the prompt completion of all preliminary arrangements.

At the beginning of the year, or as early as possible before the entrance examination, a candidate for admission must file an application properly filled in and signed. It should be accompanied by a deposit of ten dollars, which is not refunded in case of withdrawal. Application blanks may be obtained from the Registrar of the College.

It is desirable that applicants furnish school records and state the subjects selected for examination before February fifteenth of the year in which the examinations are to be taken.

METHODS OF ADMISSION

There are three methods of admission to Emmanuel College, by examinations, by certificate, and by the First Fifth Privilege.

I. EXAMINATIONS

Examinations for admission are conducted by the College Entrance Examination Board.

Candidates for admission by examination will find a detailed statement of the ground to be covered and the work to be done in each subject in a document published by the College Entrance Examination Board, to be had on application to the Secretary of the Board, 431 West 117th Street, New York, N. Y.

Candidates wishing to take these examinations should make application by mail to the Secretary of the College Entrance Examination Board. Blank forms for this purpose will be mailed by the Secretary of the Board to any teacher or candidate upon request.

The examinations of the College Entrance Examination Board will begin June 17, 1939. The application and fees of all candidates who wish to take the examinations in June, 1939, should reach the Examination Board not later than May 24, 1939.

Every application for examination which reaches the College Entrance Examination Board on or before the scheduled date, should be accompanied by an examination fee of \$10.00, which may be remitted by postal order, express order, or draft on N.Y. to the order of the College Entrance Examination Board.

An application which reaches the Board later than the scheduled date will be accepted only upon payment of \$5.00 in addition to the regular examination fee.

No entrance examinations are given at Emmanuel College in June. With the permission of the Board of Admissions, examinations may be taken at the College in September for the removal of "conditions" resulting from failures in previous examinations or from incomplete high school courses. Candidates who were pre-

vented from taking College Entrance Examination Board examinations in June will be eligible for examinations in September at the College. The fee for each examination is two dollars payable *before* the examination.

A candidate who fails to meet in full the entrance requirements may be admitted to the Freshman Class on probation, provided that her conditions do not exceed two units. These conditions must be removed by examinations taken on dates set by the Faculty. No student with entrance conditions will be admitted to the Sophomore Class.

A fee of two dollars is charged for each condition examination, and for any semester examination taken out of specified time.

All candidates are required to present entrance credits from one of the following sources:

1. College Entrance Board
2. The Catholic University of America.

THE NEW PLAN

The examinations required in this plan are of the type known as Comprehensive Examinations offered by the College Entrance Board.

The new method depends upon two kinds of evidence:

1. Evidence submitted by the school, consisting of
 - a. A school report covering the entire record of subjects and grades for four years.
 - b. A statement from the school principal including an estimate of the applicant's scholarly interests, special ability, and character.
2. Evidence submitted by the candidate, consisting of four comprehensive examinations, selected from each of the following groups:
 - a. English.
 - b. A foreign language, selected by the applicant.
 - c. Mathematics, or Chemistry, or Physics, or Biology, selected by the applicant.
 - d. A fourth subject, designated by the applicant from the subjects which may be offered for admission. This choice must be approved by the Committee on Admission of Emmanuel College.

These four examinations must be taken at one time.

At least two examinations must cover more than two admission units each.

In each subject chosen for examination the comprehensive examination covering all the units offered by the candidates for admission must be taken.

The Committee on Admission of Emmanuel College must give its permission, based upon the evidence submitted by the school, before the applicant may take the examinations.

Under the New Plan the candidate, if admitted to college, will be admitted free from all conditions. Failure to meet completely the standard in both kinds of evidence required will not necessarily involve rejection of the applicant; the committee may accept unusual excellence in one part of the credentials submitted as offsetting unsatisfactory evidence or even failure in another part. If the candidate fails of admission in June she will not be debarred from taking examinations at Emmanuel College in September.

II. ADMISSION BY CERTIFICATION

Candidates from accredited secondary schools who have completed the prescribed entrance requirements, and who, having obtained a college certificate grade, are definitely certified for college work by their Principal, may be admitted conditionally to the Freshman Class.

III. ADMISSION BY THE FIRST FIFTH PRIVILEGE

Candidates from accredited secondary schools who have completed the prescribed entrance requirements, and who, having obtained a college certificate grade are definitely certified by their Principal for college work, at the end of senior year may be admitted on certificate conditionally to the Freshman Class, upon the recommendation of the Board of Admission.

A candidate who has completed in regular course a program of study in a good secondary school which fulfils in all respects the requirements for admission to the privileges of examination under the New Plan may, if recommended by her school, be admitted without examination, provided she has ranked in scholarship in the last two years of her school course in the highest fifth of the girls in her graduating class.

Applications should state specifically:

- (a) The number of pupils in the class.
- (b) The applicant's exact numerical rank in the class in each of the last two years.
- (c) The number of girls in the class.
- (d) The applicant's exact numerical rank among the girls in each of the last two years.

ADMISSION TO ADVANCED STANDING

Upon the presentation of satisfactory evidence of proficiency in advanced studies a candidate may be admitted to the sophomore, junior, or senior class. Application for advanced standing must be accompanied by (1) official statements of the candidate's record in her various college studies, (2) letters or other evidence showing the opinions of her instructors in regard to her scholarship and character, (3) a letter of honorable dismissal from the college which she is leaving, and (4) a catalogue or announcement of the college that she leaves in which are plainly marked every requirement for admission and course of instruction for which she has received credit.

The requirements for admission to advanced standing are, in brief, the following:

1. The requirements for admission to the freshman class.
2. All the prescribed studies already pursued by the class to which the candidate seeks admission.
3. As many elective studies as the candidate would have pursued if she had entered the class at the beginning of the freshman year.

Advanced standing for college work without examinations is granted only to students who have completed *at least one year* in a college or university of high rank; otherwise advanced standing may be obtained only by examination.

No candidate may be admitted if her credentials show that half of the work has fallen below 75%, or that she is conditioned in even one college subject.

The acceptance of work is provisional. In case the character of a student's resident work in any subject is such as to create doubt as to the quality of that which preceded, the College reserves the right to revoke at any time any credit assigned and to exact examinations in the same.

REQUIREMENTS *for* DEGREE

BACHELOR OF ARTS

The courses leading to the Degree of Bachelor of Arts or Bachelor of Science consist of 132 semester hours, some of which are prescribed, some elective. One major subject with related subjects must be elected at the beginning of the Sophomore year and pursued during the remainder of the course.

The Degree of Bachelor of Arts conferred by Emmanuel College is registered "in full" by the University of the State of New York.

PRE-PROFESSIONAL COURSE IN SOCIAL WORK (B.S.)

The Course in Social Work is organized for undergraduates who aspire to later professional training in a Graduate School of Social Work. It gives a background in the Social and Biological Sciences, i.e., in such courses as Biology, Economics, Education, English, Ethics, History, Political Science, Psychology, Religion, and Sociology. It endeavors to prepare undergraduates not only in the academic admission requirements for a Graduate School of Social Work, but also in those essential personal requirements such as sound health, emotional balance, mental maturity, high moral purpose, adequate habits of study, and a genuine interest in people.

Completion of this four-year undergraduate course satisfies in full the requirements for admission to a Graduate School of Social Service.

EXAMINATIONS AND STANDING

Mid-year and final examinations are held in the classes every year. Seniors take Comprehensive Examinations in May in their Major Subject.

A student receives *no* credit for a course who has been absent even for serious illness:

- five hours from a one-hour course
- ten hours from a two-hour course
- fifteen hours from a three-hour course

A student is conditioned in any course in which she has not attained 65 per cent. A mark of 50 per cent or less is considered a

failure and the course must be repeated. A passing mark must be attained in all examinations in major subjects; the average for each semester in these courses must be at least 75 per cent. Not more than six semester hours below 75 per cent in any one semester may count toward the degree.

The standing of a student is determined by her work in class and the mid-year and final examinations.

An undergraduate student who withdraws from the college is either—

- (a) *In good standing*, or—
 - (b) *On probation*, or—
 - (c) *Dropped*, for poor scholarship; or—
 - (d) *Dismissed*, for misconduct.
- (a) A student *in good standing* is entitled to honorable dismissal in every sense of the term. She is eligible to continue her course at Emmanuel College whenever she may choose to do so.
 - (b) A student is *on probation* (i) if she has not removed her entrance conditions, or (ii) if during the last semester of her attendance she has not attained 75 per cent in one-half of her prescribed number of hours.
 - (c) A student is *dropped* by rule if in two semesters she has failed to attain 75 per cent in one-half of her prescribed number of hours. A student may be dropped for very poor scholarship in any one semester. Such a student may not continue her course at Emmanuel College; but the college will interpose no objections to her admission to any other school.
 - (d) A student is *dismissed* for disciplinary reasons only.

NEEDS OF THE COLLEGE

Friends of education, particularly of the higher education of young women, will find in Emmanuel College a worthy and deserving channel for the distribution of their beneficence. They will realize the increasing costliness of furnishing an educational equipment commensurate with the requirements of modern science, and the inadequacy of tuition fees for the annual expenses of such an institution. To all who desire to promote one of God's great works, Catholic education, we beg to submit the following needs of the College:

An Endowment Fund.

Funds for the equipment and for the extension of the College.

A more extended Library.

Scholarships.

ASSOCIATION

OF THE

FOUNDERS OF EMMANUEL COLLEGE

Every person who contributes one hundred dollars to assist in founding a Scholarship, a Library, or a Chair, or to assist in build-

ing a Hall, or in equipping and furnishing any of the Halls or Buildings after completion, will be considered a Founder of Emmanuel College, and as such will be enrolled as a Life Member in the Association, and will share in all its spiritual advantages.

The names of deceased friends or relatives may be entered on the List of Members in order that they, too, may share perpetually in all the spiritual benefits of the Association.

Mass will be said for the Members, living or dead, every week.

APPOINTMENT BUREAU

In October, 1937, the Appointment Bureau of Emmanuel College, planned by the Alumnae Council, opened with Miss Joan Fiss as Director and Miss Claire Busby as Assistant. The purpose of the Appointment Bureau is vocational guidance. Through interviews with each student, her training, background, and interests are discovered. To discuss with her, occupations appropriate to her interest and qualifications; to guide her in the choice of courses and in the training necessary and valuable in her field of interest; to direct her to sources of occupational information; and to provide assistance to her in procuring a position, comprise the functions of the Bureau.

The Appointment Bureau provides a variety of opportunities to Emmanuel students. During the past year the Appointment Bureau has sponsored a series of vocational conferences. At these, persons prominent in specific fields spoke to the students on the training and qualifications necessary, on the scope of the work, and on the opportunities in each field for college women. Available to students at all times is the library of the Bureau containing information on a wide variety of occupational fields. Books by recognized authorities, pamphlets, issued by research organizations, industries and schools, and reports from many firms, comprise this library. Field visits to firms, to social service agencies, and to similar places of vocational interest are scheduled periodically for interested students.

The generous cooperation of the Faculty, of the Alumnae, and of the Students of the college, together with the assistance of personnel officers of neighboring colleges and of industrial and business concerns, has made possible an auspicious first year for the Appointment Bureau.
